

## sMaRT DesignNZ– Product Catalogue

### Company Information

- **Name:** sMaRT DesignNZ
- **Business type:** Custom 3D-printing and modeling shop.
- **Description:** A small, independent printing business in Ohio specializing in custom 3D prints — from large custom part molds to simple decorative models. If it can be modeled and printed, sMaRT DesignNZ can do it.
- **Team size:** ~6 people.
- **Contact:** Office phone: (330) 843-3333
- **Hours:** Monday–Friday, 9:00 AM – 5:00 PM

### Services & Example Products

#### Custom Fit Printing

We can print custom items of almost any size — from small parts to large molds.

#### Use cases:

- Custom parts for machinery or repair
- Prototypes or functional parts
- Unique components not available commercially

#### Templated Prints

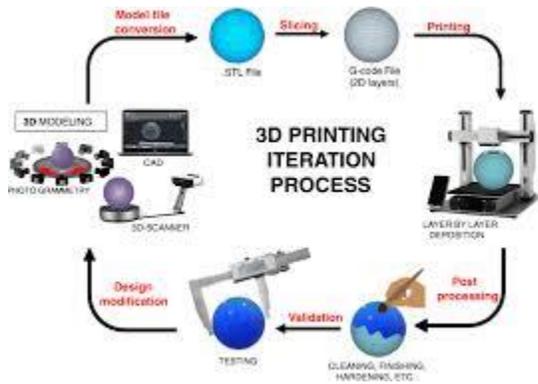

Choose from a variety of templated 3-D models for common needs — e.g. support parts, phone-case molds, standard fixtures.

#### Use cases:

- Affordable molded products using pre-designed templates
- Repeatable designs without the need for custom modeling
- Quick turnaround for standard items

### 3-D Modeling + Printing

If you don't have a 3D model, sMaRT DesigNZ can assist in 3D-model creation and also complete the printing — all in one place. [zanehoch23.wixsite.com](http://zanehoch23.wixsite.com)

#### Use cases:

- Custom designs from scratch
- Unique items tailored to specifications
- Functional and decorative prints

#### Hardware / Printing Equipment (Used In-House)

sMaRT DesigNZ uses the following printers for different tasks:

| <b>Printer</b>                  | <b>Purpose</b>   |
|---------------------------------|--|
| <b>Aura PrintMax 8000 (FDM)</b> | Clean, precise prints in all shapes and sizes.                           |
| <b>Ender 3-X</b>                | Faster, smaller jobs. Great for quick-turnaround prints.                 |
| <b>Eno 43 Pro (SLA Resin)</b>   | For highly detailed, high-resolution prints — ideal when detail matters. |

*(Note: these are internal tools; not products for sale directly, but they indicate the capability and quality level of sMaRT DesigNZ service.)*

### **How To Use This Catalogue**

1. Review the services and choose the category you need (Custom Fit Printing, Templated Prints, or 3-D Modeling + Printing).
2. Decide whether you need fast, small prints or large, detailed jobs.
3. Contact sMaRT DesigNZ at (330) 843-3333 during business hours to request a quote or start your order.
